5-8 YRS

OBJECTIVE

To learn about all the people involved in a cyberbullying situation

OUTCOME

To realise how many people are affected by the actions of a Cyberbully

MATERIALS

A copy of Picture 1 for each child and role labels (both on the accompanying slides), pens

INSTRUCTIONS

- 1 - Introduce the exercise to the children, and present the objectives and outcomes
- 2 - Present each child with a copy of 'Picture 1'
- 3 - Ask the children to match the role labels with the characters in 'Picture 1' You may begin with an example if the children do not quite understand.
- 4 - Come back together as a group and go through the answers
- 5 - Explain to the children that they are unlikely to know who the Cyberbully is so may not know what they look like
- 6 - End the exercise by explaining to the children that a lot of people become Affected by the behaviour of one Cyberbully, so it causes a lot of worry for a lot of people and not just for the cyber-victim

EVALUATION

- Get each child to compare their matches with another person before going through the answers
- At the end of the exercise, ask the children to write down or say verbally a short sentence describing each of the role labels
- Ask the children how they think Eggers, Parents and School staff may end up getting involved in a cyberbullying situation

NOTES

- To add some challenge to the activity, you can ask the children to try and label the characters without showing them the role labels
- Provide the following definition of an 'Egger' if the children do not know what it is: "A person who encourages a Cyberbullying continue their behaviour."
